USB Station

Cost-effective USB Printer Server with USB Disk Sharing and FTP Access for Home and Small Workgroup

Key Features

- External USB Drive Sharing
- USB Printers Sharing
- Flexible and Dependable FTP Access
- Large File Printing
- Share-Level Protection
- Desktop Backup Application

SHARE IN JUST A FEW CLICKS

Sharing external USB disk and USB printer at the same time is easier than ever. Only with a few steps of setup, you are ready to share up to 1 USB disk or 2 USB printers over the network.

FLEXIBLE AND SAFE FTP ACCESS

FTP support allows users to access files over Internet. The share-level protection allows you to share files safely. The protected folders requires user login before they can be accessed. You can further change FTP port number manually, restrict FTP upload and download bandwidth, and allow anonymous user login.

SHARE FILES BETWEEN WINDOWS AND MAC

The capability to share a USB disk and USB printer among Windows users and Mac users highly increases the work efficiency in a platform-mixed environment. The Large File Printing support is especially useful for Mac users who usually generate large graphical files.
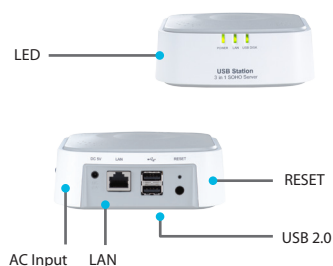

ADD PRINTER EASIER

The Add Printer Wizard simplifies the printer setup process which usually takes complicated steps or requires professional help in most printer server products on the market. A variety of printers have been verified to be compatible with USB Station.

EASY DESKTOP BACKUP

The external USB disk attached to USB Station can act as a backup target. Synology Data Replicator II lets the PC users easily manage backup tasks. The automatic backup mechanism will monitor the user-selected files and do the backup upon file change.

Technical Specifications

Hardware
- External HDD Interface: USB 2.0 port X 1
- Max Capacity (External HDD): 1 TB
- USB 2.0 Port: X 2
- Size (mm): 122 X 111 X 46
- Weight: 147g
- LAN: 10/100 Mbps X1
- AC Input Power Voltage: 5V
- DC Output Power Voltage: 5V
- Operating Temperature: 50° to 90 ° F (10 ° to 35 ° C)
- Storage Temperature: -40° to 185° F (-10° to 70° C)
- Maximum Operating Altitude: 10,000 feet

Certification
- FCC
- CE
- BSMI

Networking
- CIFS, FTP

File System
- EXT3
- FAT (for External Disk only)

Backup Solution
- PC Backup (DR II)

Management
- Web-based Management
- Firmware Upgrade
- FTP Bandwidth Control
- Languages: English, German, French, Italian, Spanish, Korean, Traditional Chinese, Simplified Chinese

Printer Support*
- LPR, CIFS, IPP

Supported Clients
- Windows 98 onward
- Mac OS 9 (Printer Only)
- Mac OSX (Printer & Disk Sharing)

Package Content
- USB Station Main Unit
- Installation CD
- Quick Installation Guide
- Assembling Kit
- AC Power Cord
- 2M RJ-45 LAN Cables

* For Mac users, USB Station supports PostScript USB printers only.
